

WEAVEonline® 4.0 New Features

- **Document repository** so that you can exhibit a culture of evidence, with each document associated at the exact point(s) of relevance
 - Examples, rubrics, spreadsheets, syllabi, etc.
 - Selection and uploading of files
 - Creation of associations
 - Master list of documents
 - Ability to view uploaded documents
- **Enhanced support of professional/specialized accreditation**
 - Groupings that can differ from standard organizational hierarchy
 - Association with specific standards or several sets of standards
- **Better data options**
 - Word-to-Web formatting bar for *Mission, Analysis, and Annual Reporting*
 - Designation of entries as *Draft/In Progress* vs. *Final*
 - Ability to see activation date and keep activated for multiple cycles
 - Ability to inactivate data and add inactivation comments, but still display the data for archive snapshots
 - Direct and indirect measure select function
 - *Amount Requested* figure for action planning
 - *Target Date* month and year for action planning
- **Better editing options**
 - Availability of comments field
 - When online approval process is used, display of *In Progress, Approval Pending, or Approved* next to each individual *Goal, Outcome/Objective, and/or Measure*
 - *Last Update* display of person and date
 - An *Oops!* feature for data entry errors (vs. data inactivation)
 - Comments on *action plans* as they evolve
- **Action Management**
 - Filtering of actions by status and/or measure-outcome association
 - Ability to view all Actions Plans on one page
 - Ability to view all *Comments* associated with an Action Plan on one page
- **Improved Analysis options**
 - **Performance Audit Scorecard**, showing targets *Not Met, Partially Met, and Met*
 - Number and wording of topics under *Analysis* determined by subscriber
 - *Draft/Final* status for each *Analysis* topic
 - Associated documents displayed

- **Expanded association options**
 - Introduction of *Goals* as an intermediate step between *Mission/Purpose* and *Outcomes/Objectives*
 - Ability for the subscriber and/or users to indicate whether or not goals are part of their assessment process
 - Improved language for Outcome/Objective associations (for example, *Priorities* instead of *Institutional Priorities*)
 - Support for strategic plans down to the department level
 - Ability to align *Outcomes/Objectives* with institutional and lower-level strategic plans
 - Ability to align *Outcomes/Objectives* with professional/specialized accreditation standards
 - Multiple levels of standards or strategic plan associations possible
 - *Target Performance Level* and *Findings* associations with a measure-outcome/objective combination

- **More Annual Reporting options**
 - Number and wording of *Annual Report* sections determined by subscriber
 - *Draft/Final* status for each *Annual Report* section
 - Associated documents displayed

- **More streamlined display**
 - Easy top-tab access to *Admin, Assessment, Reports, Archives, Weave Email, Search* – features that reach across modules
 - Convenient side-tab access to modules: *Mission/Purpose, Assessment, Action Management, Curriculum Map, Analysis, Annual Reporting, Document Management*
 - At-a-glance display of *Goals, Outcomes/Objectives, Measures & Findings*, with collapse/expand viewing options

- **More Curriculum Mapping options**
 - WEAVEonline System Administrators' choice to use two new pre-defined *Analysis Approaches* and the associated codes: 'Engagement Strategies' and 'Assessment Method'
 - WEAVEonline System Administrators' ability to run a report that lists institutional *Analysis Approaches* and the Hierarchical Entity(ies) using each approach
 - Users' ability to create a 'Snapshot' of their curriculum map
 - Enhanced map filtering capabilities
