

**Admission to Specific Degree or Certificate Program**

A student must formally request admission to, and receive approval for, each program (curriculum) in which he or she plans to graduate. Advisors are available to assist students in selecting an appropriate curriculum for their academic or career interests. In addition to general admission requirements, specific requirements are prescribed for each curriculum of the College. These requirements are listed in the *Instructional Programs Information* section of the College catalog.

For admission to associate degree programs, a person must be a high school graduate, hold a general education development (GED) certificate or complete an approved developmental studies program to satisfy prerequisites. Students not initially meeting admission requirements for a specific program may qualify to be placed in another curriculum or be considered noncurricular until requirements are satisfied and they are granted admission to the curriculum of their choice.
