

Old Dominion University – TELETECHNET

LFCC's Fauquier and Middletown Campuses serve as hosts for Old Dominion University's (ODU) TELETECHNET program. The TELETECHNET program is an interactive distance education program that enables students throughout Virginia to earn undergraduate and master's degrees from a fully accredited university without leaving their areas of residence.

TELETECHNET students complete their first two years of college through the host site, LFCC, and then transfer to ODU to complete the remaining course work required for a bachelor's degree. Courses are broadcast live from the main campus of ODU and are received through satellite technology at LFCC's campuses. Students interested in taking TELETECHNET courses may consult with the ODU site directors at the Fauquier and Middletown Campuses.
