

## **Middletown Campus**

LFCC's Middletown Campus is on a 120-acre tract in the northern Shenandoah Valley approximately 10 miles south of Winchester, Va. Nestled among the Blue Ridge, Massanutten and Allegheny Mountains, with Interstate highways 66 and 81 and U.S. Route 11 adjacent, the campus is easily accessible. The original College building includes classrooms, laboratories, administrative and faculty offices, a business office, the William Moore Dietel Bookstore and the Fredy and Klara Kummli Student Center.

In 1985, LFCC built a technology center on the Middletown Campus, adding a Special Events Center, computer labs, classrooms and faculty offices. During the 1993 Commencement ceremony, the building was officially named the Alson H. Smith Jr. Technology Center. In 1994, the Learning Resources Center construction was completed and the facility was dedicated in April 1995 in honor of benefactor Paul Wolk of Fauquier County. In 2008, LFCC opened the Science and Health Professions Building, which houses many of LFCC's scientific programs and provides plenty of laboratory space for hands-on learning for students enrolled in the College's science and health professions programs. Outside facilities include a regulation 400-meter Olympic-size track, fitness trail and soccer field.
