on the academic record but are not used in the cumulative GPA calculation or to satisfy graduation requirements. All courses attempted under the quarter system appear on the academic record and are included in the calculation of the GPA. Questions concerning the repeat policy should be directed to the Admissions and Records Office.

A student may repeat a course previously taken but should normally be limited to two enrollments of the same course. Requests to enroll in the same course more than twice must be documented and approved by the College’s chief academic officer, or designee. This policy does not apply to general usage courses numbered in the 90s, 95s, 96s, 97s, 98s or 99s.

Classification of Students

Student classification categories:
- Curricular students: Students who have a high school diploma, GED, or its equivalent, or are otherwise determined qualified for admission are designated curricular students. Student information system files must contain all of the information required for general admission to the College as curricular students, and students must have formally requested and been admitted to one of the curricula of the College.
- Noncurricular student: A student who has not been formally admitted to one of the curricula of the College.
- Full-time student: A student enrolled for 12 or more credits in a term.
- Part-time student: A student enrolled for fewer than 12 credits in a term.
- Freshman: A student is classified as a freshman until 30 semester credits have been completed.
- Sophomore: A student is considered a sophomore after successfully completing 30 semester credits.

Credits

A credit is equivalent to one collegiate semester hour credit. Each semester hour of credit given for a course is based upon approximately one academic hour (50 minutes) of formalized, structured instructional time weekly for 15 weeks (or equivalent) by each student. In addition to instructional time, a scheduled evaluation or examination period is given for each semester hour of credit. Courses may consist of lectures, out-of-class study, laboratory and shop study or their combinations.

Grading System

The grades of A, B, C, D and P are passing grades. Grades of F and U are failing grades. R and I are interim grades. Individual instructors determine criteria for letter grade assignments described in individual course syllabi.

Explanation of Grades

The quality of performance in any academic course is reported by a letter grade, assigned by the instructor. These grades denote the character of study and are assigned quality points as follows:

- A: Excellent
- B: Good
- C: Average
- D: Poor
- F: Failure
- P: Passing
- R: Incomplete

4 grade points per credit
3 grade points per credit
2 grade points per credit
1 grade point per credit
0 grade points per credit
No credit, used for verifiable, unavoidable reasons.
I  Incomplete
No grade point credit. The “I” grade is to be used only for verifiable unavoidable reasons that a student is unable to complete a course within the normal course time. To be eligible to receive an “I” grade, the student must (1) have satisfactorily completed more than 50% of the course requirements and (2) must request the faculty member to assign the “I” grade and indicate why it is warranted. The faculty member has the discretion to decide whether the “I” grade will be awarded. Since the “incomplete” extends enrollment in the course, requirements for satisfactory completion shall be established through consultation between the faculty member and the student. In assigning the “I” grade, the faculty member must complete documentation that (1) states the reason for assigning the grade; (2) specifies the work to be completed and indicates its percentage in relation to the total work of the course; (3) specifies the date by which the work must be completed; and (4) identifies the default grade (B, C, D, F, P, R, or U) based upon course work already completed. Completion dates may not be set beyond the subsequent semester (to include summer term) without written approval of the Chief Academic Officer of the campus. The student will be provided a copy of the documentation. College will establish procedures to ensure that all “I” grades that have not been changed by the faculty member through the normal grade change processes are subsequently changed to the default grade assigned by the faculty member. An “I” grade will be changed to a “W” only under documented mitigating circumstances which must be approved by the Chief Academic Officer of the campus.

P  Pass
No grade point credit. Applies only to nondevelopmental studies courses. Pass grades carry academic credit but are not included within GPA calculations. A maximum of seven semester credit hours from courses for which the P grade has been awarded may be applied toward completion of a degree, diploma or certificate.

R  Re-enroll
No grade point credit; the “R” grade may be used as a grade option, in developmental and ESL courses only, to indicate satisfactory progress toward meeting course objectives. In order to complete course objectives, students receiving an “R” grade must re-enroll in the course and pay the specified tuition.

S  Satisfactory
No grade point credit. Indicating satisfactory completion of course objectives, this is used only for developmental studies courses numbered 01–09 and English as a Second Language (ESL) courses numbered 11–16.

U  Unsatisfactory
No grade point credit (applies to developmental studies courses numbered 01–09 and ESL courses numbered 11–16).

W  Withdrawal
No credit. A grade of withdrawal indicates an official withdrawal from a course after the last date to be eligible for a refund.

X  Audit
Student desiring to attend a course without taking the examination or receiving credit for the course may do so by registering to audit through the usual registration process and paying the normal tuition. Permission of the division dean or another appropriate academic administrator is required to audit a course. Audited courses carry no credit and do not count as a part of the student’s course load. Students
desiring to change status in a course from audit to credit or from credit to audit must do so within the
add/drop period for the course. Students who desire to earn credit for a previously audited course must
re-enroll in the course for credit and pay normal tuition to earn a grade other than “X”. Advanced
standing credit should not be awarded for a previously audited course.

D       Academic Renewal

F       Academic Renewal
No credit.

Grade Point Average (GPA)
GPA is determined by dividing the total number of grade points earned in courses by the total number of
credits attempted. The cumulative GPA includes all courses attempted. When students repeat a course,
only the last grade earned is counted in the computation of the cumulative GPA and for satisfying
curricular requirements.

Grading—Developmental Studies Courses
A grade of S is assigned for satisfactory completion of developmental studies courses numbered 01–09
and ESL courses numbered 11–16. S grades are not included in GPA calculation.

Students making satisfactory progress but not completing all of the instructional objectives for a
developmental studies course or an ESL course will be graded with an R (re-enroll) and must re-enroll
to complete the course objectives.

Students not making satisfactory progress in a developmental studies course or an ESL course will be
graded U. Students should consult with the instructor to determine the subsequent sequence of courses
for students receiving a grade of U.

Grade Reports
Grade reports are available to students by the published date each semester. Students must access the
student information system to view their grade report.

Grade Appeal Policy
Evaluation of student performance, reflected in the final course grade, becomes a part of the permanent
student record of the College and is recorded on the College transcript for the student. Based upon
factors relating to the achievement of course objectives, this grade is assessed by the instructor
according to the policies of the College, and is considered final, unless a student files an appropriate
appeal in a timely manner.

When a student believes that a final grade has been determined incorrectly, the student must file a
written report with the instructor (with a copy to the instructor’s dean) identifying specifically the
reason(s) for the appeal and including any supporting documentation. This written report (with a copy to
the instructor’s dean) must be filed with the instructor as soon as possible but no later than 10 business
days after the first day of class of the next regular (fall/spring) semester. Within 10 business days
following receipt of the appeal, the instructor will communicate the decision about whether or not to
change the grade, and if so, the new grade, to the student in writing with a copy to the dean.
If the matter is not mutually resolved within 10 business days after notification of the instructor’s decision, the student may appeal to the appropriate dean by submitting a written request for a review of the case at a formal hearing of the student, the instructor and the dean. The dean’s response to the appeal will be issued within 10 business days of the formal hearing. The decision of the dean will be considered final and binding.

**Continuing Education Unit**

The Continuing Education Unit (CEU) recognizes an individual’s participation in selected professional and personal development activities. One CEU is equivalent to 10 contact hours of participation in a seminar or class that meets specific criteria as set forth by the student’s governing professional organization.

Satisfactory completion of activities awarding CEUs is based on some predetermined level of attendance or on a combination of attendance and performance. The College maintains a permanent record for each participant who successfully completes a program or activity. CEUs and such academic credit units as semester or quarter hours are separate and distinct units of measure and may not be interchanged.

**Academic Recognition**

**President’s List**
This recognition is given to students who achieve a GPA of 3.8 or above without F or U grades in any academic semester with 12 or more credits completed.

**Dean’s List**
This recognition is given to students who achieve a GPA of 3.2 or above without F or U grades in any academic semester with 12 or more credits completed.

**Graduation**

The College holds a formal commencement ceremony each May. Students completing graduation requirements in the summer term may receive their diploma in August. Students who graduate at the end of the summer or fall terms are considered graduates of the class the following May. Applications for graduation and additional information are available from the Admissions and Records Office.

**Academic Apparel**
All students participating in graduation exercises are required to obtain and wear appropriate academic apparel as determined by the College.

**Graduation Requirements**
The catalog in effect on the date a student is formally admitted to a curriculum/program is used to determine course and credit requirements for graduation. The new catalog for each academic year becomes effective on the first day of June. The College reserves the right to make changes in the curricular requirements when necessary. Students are encouraged to keep up with changes to their curriculum as listed in new catalogs. In cases where a student discontinues enrollment at the College for two consecutive semesters (excluding summer), graduation requirements are determined by the catalog in effect during the semester a student re-enrolls.
